

RELATIONSHIP BUILDING 101

Jumpstart your career through networking that actually feels good

Relationship Building 101 is a 10 week developmental course to assist people who are working on breaking into the tech industry.

The course focuses on helping participants build their relationship development skills, an essential component to their immediate and long-term success in tech.

This course is designed to help people who are a part of marginalized populations.

THE BASICS

- 10 weeks
- 2 1-hour sessions each week
- Take-home assignments throughout the course
- Learn anywhere - it's all online

LESSONS

WHAT IS NETWORKING?

How to develop authentic relationships, instead of transactional ones.

Learn how networking can help you, and how you can use your network to help others.

STORIES FROM GUEST SPEAKERS

Learn from people who have been there!

HOW YOU CAN GET STARTED

How to reach out to new people

What to say in an email or meeting

How to network during a pandemic

How can I develop a mentor relationship
